# What is the most popular leisure activity in 2020?

Yachting has become more and more popular in Hong Kong in recent years. It is particularly a highly sought after activity this year as it offers one of the best ways to escape the stress from the pandemic shadow.

With the international travel restrictions, a lot of families that usually leave for a two or three-week holiday during the Summer have to stay in Hong Kong, and many of them look at yachting as a new way to implement social distancing in a private, safe environment while spending quality time with friends and family.

In the first half of 2020, after the relaxation of social distancing measures, Hong Kong water has come across the busiest Summer ever with a record number of boats getting out there!

## Yachting in Hong Kong

Thanks to its prime location in the very heart of East Asia, Hong Kong is one of the biggest boating centres in Asia and is a perfect destination for cruising. From the beaches and bays of Sai Kung to islands dotted around Hong Kong, there's no shortage of places to enjoy yachting on Hong Kong waters.

## A Safe Haven for Yachts

Not long ago, the new marina at Lantau Yacht Club starts to open up, it marks the first time that a new marina comes onto Hong Kong yachting scene in decades. With the mission to promote yachting in Hong Kong and Asia, the marina features 148 berths mainly ranging from 10m to over 60m offering a safe haven for yachts of various sizes.
